Photographer

Instructions for photographer or individual in charge of photographing weddings in the Sanctuary or Chapel.

1. Photographers must not interfere with or intrude upon the worship experience of the congregation. A photograph may be made at the door before the bride goes down the aisle and at the door coming out. No other pictures may be made during the ceremony except from the balcony with noiseless, flash-less cameras.
2. Please do not remove or move any articles of furniture in the church when taking pictures.
3. Please do not step on seat cushions or leave equipment where it may damage property.
4. Pictures taken prior to the wedding should be completed at least 1 hour prior to the wedding.
5. The wedding party should return to the Sanctuary promptly after the ceremony for as many pictures as desired.
6. If you do not follow these procedures, you will not be allowed to take pictures in this church again.

Please read and sign this letter. The letter should be returned to church office at least one week before the wedding.

Videographer

These guidelines are provided for your guidance in the filming of weddings

1. Video cameras are only allowed in the balcony of the church.
2. Video equipment should be set up in one place and should not be moved during the service.
3. The sensitive mikes used by the minister(s) are adequate for picking up the bride and groom, and no additional mikes may be used.

Please read and sign this letter and return it to the church at least one week before the wedding.
